INTEREST REPORTING INSTRUCTIONS

Effective January 1, 1983, interest of $10.00 or more paid on each savings bond redemption transaction will have to be reported by the paying agent to the Internal Revenue Service and to the payee. (Refer to temporary regulations 26 CFR Sec. 5f. 6049 for exemptions.)

If Series E/EE bonds or Savings Notes are exchanged for Series HH bonds that portion of a refund in excess of purchase price, representing interest, is reportable.

A transaction for this purpose is defined as a single payment whether it includes one or more bonds. The redemption tables now show two columns for each denomination: the first is the redemption value, and the second is the interest paid and subject to reporting.

The information return must be filed with the IRS Service Center on or before February 28 of the following year, and a copy must be provided to the payee either at time of transaction or if sent by mail no later than January 31, of the following year. The information required is the same as that which your institution reports on other interest (i.e., Form 1099, Internal Revenue Bulletin No. 1982-33).

Refer to Section 6049 of the Internal Revenue Code of 1954, as amended by the Tax Equity and Fiscal Responsibility Act of 1982 (Public Law 97-248, 96 Stat. 324, 26 U.S.C. 6049, and supporting temporary regulations 26 CFR Sec. 5f. 6049) for additional information concerning this reporting requirement.

EXAMPLE

A $200 denomination Series EE bond that was issued in January 1981 and presented for redemption in January 1983 would have a redemption value of $114.24 and interest earnings of $14.24. These amounts can be found in the table for January 1983 under the $200 denomination and on line with the issue date of January 1981. Note the interest earned amount is shaded. The interest earned amount of $14.24 is more than $10.00 and must be reported to IRS and the payee.

Distribution of Booklets

These booklets are distributed direct to qualified paying agents by the Bureau of the Public Debt. Paying agents may obtain additional booklets from the Federal Reserve Bank or Branch to which they send paid bonds. The Federal Reserve Bank or Branch should be notified of any change in the number of booklets required on a regular basis. January 1, 1980 is the earliest authorized issue date for Series EE bonds.

3. **Required Taxpayer Number** — Payees are required to provide their social security or taxpayer identification numbers on all bonds presented for redemption, under Department of the Treasury Circular No. 3-80.

4. **Identification Guidelines** — Departmental requirements governing identification are contained in Form PD 3900. If the guidelines are followed, agents can carry out their responsibility for cashing bonds and be sure they will not incur losses.

5. AFTER A BOND HAS BEEN CASHED, IT CANNOT BE REINSTATED FOR EXTENSION.

6. Paying agents may not pay **Series H and HH** bonds under any circumstances.

7. **Interest earnings information will be provided to payees and IRS.**

MARCH 1983

Distribution of Booklets

These booklets are distributed direct to qualified paying agents by the Bureau of the Public Debt. Paying agents may obtain additional booklets from the Federal Reserve Bank or Branch to which they send paid bonds. The Federal Reserve Bank or Branch should be notified of any change in the number of booklets required on a regular basis. The public generally may be advised that copies of the booklet may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

General Information

1. Bonds of all series should show an impression of the issuing agent's dating stamp.

2. All bonds must show an issue date. The issue date appears in the upper right section on the face of each Series EE bond and is used in determining the redemption value of the bond. Such issue date should not be confused with the date appearing in the issuing agent's dating stamp, which should not be used to determine redemption value. January 1, 1980 is the earliest authorized issue date for Series EE bonds.

3. **Required Taxpayer Number** — Payees are required to provide their social security or taxpayer identification numbers on all bonds presented for redemption, under Department of the Treasury Circular No. 3-80.

4. **Identification Guidelines** — Departmental requirements governing identification are contained in Form PD 3900. If the guidelines are followed, agents can carry out their responsibility for cashing bonds and be sure they will not incur losses.

5. AFTER A BOND HAS BEEN CASHED, IT CANNOT BE REINSTATED FOR EXTENSION.

6. Paying agents may not pay **Series H and HH** bonds under any circumstances.

7. **Interest earnings information will be provided to payees and IRS.**

8. The portraits on savings bonds, by denominations, are:

$50—Franklin D. Roosevelt	$100—Dwight D. Eisenhower	$500—Woodrow Wilson	$ 5,000—William McKinley
$75—Harry S. Truman	$200—John F. Kennedy	$1,000—Theodore Roosevelt	$10,000—Grover Cleveland

Suggestions for Paying Agents to Reduce the Number of Adjustments:

   (b) Beneficiaries named in inscription.
   (c) Bonds where month and year of issue are not clear.
   (d) Mutilated or defaced bonds or those which, for any reason, do not appear to be genuine.
   (e) Bonds requiring legal evidence to redeem.

3. SHOW CLEARLY ON EACH BOND THE IMPRINT OF PAYMENT STAMP AND AMOUNT PAID.

Such issue date should not be confused with the date appearing in the issuing agent's dating stamp, which should not be used to determine redemption value. January 1, 1980 is the earliest authorized issue date for Series EE bonds.

3. **Required Taxpayer Number** — Payees are required to provide their social security or taxpayer identification numbers on all bonds presented for redemption, under Department of the Treasury Circular No. 3-80.

4. **Identification Guidelines** — Departmental requirements governing identification are contained in Form PD 3900. If the guidelines are followed, agents can carry out their responsibility for cashing bonds and be sure they will not incur losses.

5. AFTER A BOND HAS BEEN CASHED, IT CANNOT BE REINSTATED FOR EXTENSION.

6. Paying agents may not pay **Series H and HH** bonds under any circumstances.

7. **Interest earnings information will be provided to payees and IRS.**

8. The portraits on savings bonds, by denominations, are:

$50—Franklin D. Roosevelt	$100—Dwight D. Eisenhower	$500—Woodrow Wilson	$ 5,000—William McKinley
$75—Harry S. Truman	$200—John F. Kennedy	$1,000—Theodore Roosevelt	$10,000—Grover Cleveland

Suggestions for Paying Agents to Reduce the Number of Adjustments:

Payment of Bonds

1. ALWAYS USE CURRENT MONTHLY TABLE AND DESTROY OLD TABLES.

2. DO NOT PAY—
   (a) Bonds inscribed in names other than individuals.
   (b) Beneficiaries named in inscription.
   (c) Bonds where month and year of issue are not clear.
   (d) Mutilated or defaced bonds or those which, for any reason, do not appear to be genuine.
   (e) Bonds requiring legal evidence to redeem.

3. SHOW CLEARLY ON EACH BOND THE IMPRINT OF PAYMENT STAMP AND AMOUNT PAID.

Batching Redeemed Bonds and Notes

1. Series E, EE Card Bonds and Savings Notes redeemed in the SAME CALENDAR MONTH may be included in the same transmittal letter (Form PD 2639).

2. Series A E Paper Bonds should be batched separately from card bonds and notes, and forwarded under cover of separate transmittal letters. Agents should insure that each transmittal letter is appropriately marked CARD or PAPER and attached to the appropriate bonds.

For detailed information refer to Department of the Treasury circular No. 750, Current Revision, and the Memorandum of Instructions issued in conjunction therewith.

Department of the Treasury's Instruction to Paying Agents

NOTE: The following material has been excerpted from the memorandum of instructions issued in conjunction with Department of the Treasury Circular No. 750, current revision, the "Regulations Governing Payment by Banks and Other Financial Institutions of United States Savings Bonds and United States Savings Notes (Freedom Shares)." Both the circular and the complete memorandum were published in 33 Federal Register 15828, et seq., October 25, 1968. Copies thereof are available, upon request, from the Bureau of the Public Debt, Department of the Treasury, Washington, D. C. 20226. It should be noted that in the interest of orderly presentation, minor editorial changes have been made. The references to the Department's identification guidelines have also been updated to show the current issuance.

RESPONSIBILITIES OF PAYING AGENTS

General. A financial institution which is a qualified paying agent is obliged to cash Series E savings bonds and savings notes (Freedom Shares) for any presenter, whether or not a customer, during its regular business hours (but not during evening and Saturday hours, if open during such periods primarily as a service for its own customers), in accordance with Department of the Treasury Circular No. 750, current revision, these instructions, and the Department's "Identification Guide for Cashing United States Savings Bonds," dated October 1, 1971. An agent **must not** advance money on, make loans on, or discount the redemption values of the securities, nor in any manner assist others in doing so. It shall also make NO CHARGES for redemption. VIOLATION OF THE DEPARTMENT'S POLICY, AS SET FORTH ABOVE, WILL BE CAUSE FOR DISQUALIFICATION.

Payment to presenter. Payment may be made only to an individual who (i) presents the security and establishes his identity as the person **named** thereon as **owner** or **coowner**, and (ii) signs the request for payment in the presence of an officer or authorized employee of the paying agent. An agent may accept securities for payment by mail, or otherwise, from known depositors, provided each such depositor is also the owner requesting payment. In such cases the agent should be satisfied that the signature to the request for payment is that of the "owner-depositor," and should have written instructions from him to credit the proceeds to his checking, savings or share account, or to make other disposition thereof. For the agent's protection such instructions should be retained.

Examination of security. Upon its presentation for redemption or for redemption-exchange, each agent should examine the security to establish the following:

(i) That it is not less than two months old;
(ii) It is presented by an owner or coowner (not by a beneficiary) or a parent on behalf of a minor owner or coowner not of sufficient competency and understanding to comprehend the nature of the act;
(iii) No documentary evidence is required to redeem it;
(iv) It is not presented by anyone acting under a power of attorney;
(v) It is not in the name of a corporation, association partnership, guardian, administrator, trustee or other fiduciary;
(vi) The presenter's name, as it appears on the security, has not been changed in any manner other than by marriage;
(vii) The presenter, to the knowledge of the agent, has not been delcared, according to law, to be incompetent to manage his estate;
(viii) Its issue date is legible;
(ix) It has not been mutilated and does not bear material irregularities, such as altered, illegible, incomplete or unauthorized inscriptions; and
(x) It is not a Series F, G, H, HH or K bond.

If the agent assumes full responsibility therefore, it may make payment, because of its knowledge of the facts or because it wishes to rely on the integrity of the owner, of any eligible security which bears a minor irregularity, such as a misspelling of a name, a transposition of letters, etc. Otherwise, securities which do not meet the above standards should be forwarded to the Federal Reserve Bank.

Identification of presenter.

(a) **Identification guide.** The Department of the Treasury has issued an "Identification Guide for Cashing United States Savings Bonds," dated October 1, 1971, for use by paying agents in redeeming securities, which, if followed, should enable them to provide reasonable payment accommodations for owners, including noncustomers, and, at the same time, to protect themselves from losses.

(b) **Record of identification practice.** The agent at the time of payment should make a notation on the back of the paid security, or in its own records, specifying **precisely** what was relied upon to establish the presenter's identity. The identification practice should be adequate to identify the person under the circumstances of the transaction. Otherwise, the agent runs the risk that no evidence can be developed to show that it acted with due care, in which case it could not be relieved of liability for any loss that might develop.

Request for payment. The following relate to the execution of all requests for payment, whether the security is paid over-the-counter or is forwarded to a Federal Reserve Bank for redemption:

(a) **Execution of request.** The presenter must sign his name exactly as his name is inscribed on the security and show his current address in the request for payment, except in the following cases:

(i) Where there are slight errors or variations in the spelling, the request for payment should show the name of the owner as inscribed on the security followed by the correct signature.

(ii) If an owner signs his name to the request by mark, the signature "X" should be identified in the form "John J. Jones (X) his mark," and one person, in addition to the agent's employee paying the security, must act as witness, and should attest thereto in substantially the form: "Witness to signature by mark" and sign his name and show his address immediately thereunder, on the back of the security.

(iii) If an owner's name has been changed by marriage, the owner's signature to the request for payment should be signed in the form, for example: "Mrs. Mary Jones Smith, changed by marriage from Miss Mary T. Jones."

(iv) Securities may be paid to a parent on behalf of a minor owner, not of sufficient competency and understanding, as specified in the regulations.

If a security is presented in person with the request for payment already completed, the owner should be required to sign again immediately above or below the first signature.

(b) **Partial redemptions.** Partial redemption of a savings bond or note, in denominations of $50 or higher, but only in amounts corresponding to authorized denominations, may only be made by a Federal Reserve Bank. In such cases, the words "to the extent of $_____ (face amount)" should be added to the first sentence of the request for payment and the request should then be completed in the regular manner.

(c) **Payment over-the-counter.** An agent is not required to complete the certification to the request on securities it pays over-the-counter. The submission of paid securities to the Department shall represent a certification by the agent that the identity of the owner requesting payment was duly established.

(d) **Payment by Federal Reserve Bank.** Where a security is being forwarded to a Federal Reserve Bank for payment, the certification form below the request for payment should be completed.

Determination and payment of redemption proceeds.

(a) **Redemption value tables.** Agents will be supplied with tables of redemption values covering bonds of Series A—E, Series EE and savings notes. Additional tables may be obtained upon request from the Federal Reserve Bank of the district. Care should be exercised to use the correct table for the month in which the particular security is cashed. The public may purchase tables for Series A—E and Series EE bonds, covering half-yearly periods, from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402.

(b) **Payment immediately prior to maturiry or date of increase in value.** If an owner presents a security for payment just prior to the month in which the security increases in value, the agent should, if practical, advise the owner of the fact so that he may, if he desires, **delay** the **payment to the next month** to obtain the increase in vlaue. No agent is authorized to pay an owner the current value of a security and then defer presentation to the Treasury for the purpose of obtaining such increased value for its own profit.

(c) **Payment.** After the redemption value is determined, it may be paid to the owner in cash, or, upon request, by a credit to the owner's checking, savings or share account, or by issuance of a check or similar instrument payable to the owner.

Social security account number. If the social security account number of the payee is shown in the inscription, that number should be underlined. If the number is not shown in the inscription, and if the security is paid in an amount exceeding its issue price, the agent should **request** the owner to write his social security number on the security. If the security is in coownership form, the name of the coowner to whom payment is being made should be underlined, unless it is determined that the funds of the other coowner were used to buy it and his social security account number is furnished. The number should be written on the face of the security below and to the left of the seal.

Payment to minors. A minor owner or coowner may not request payment of securities if he is not of sufficient competency and understanding to comprehend the nature of his act. Because of individual variations, the Department has not laid down any rule as to the exact age at which a minor should be able to cash his securities. If the age of the minor is such that in the opinion of the paying agent the child should ordinarily be able to request payment for himself or, in cases of doubt, the agent may require an interview with the minor.
